

# MAURISH KAUSHIK

Kalkaji , New Delhi | (+91) 7669170243 | [maurishpandat@gmail.com](mailto:maurishpandat@gmail.com)

## EDUCATION

### GALGOTIAS COLLEGE OF ENGINEERING & TECHNOLOGY(AKTU)

Bachelor of Technology

Greater Noida, Uttar Pradesh

Nov 2022 - July 2026

**Major:** Computer Science Engineering

Relevant Coursework: Software Engineering, Computer Architecture, Operating Systems, Algorithms, Object-Oriented Programming (OOP), Databases, Compiler Design, Computer Networks

### ST. GEORGE'S SCHOOL

Intermediate: Science Stream with Computer science; **Percentage:** 91.8

Alaknanda, New Delhi

Apr 2021 - Jun 2022

## EXPERIENCE

### SUBJECT MATTER EXPERT

Dec 2022 – Apr 2023

- Delivered over 180 high-quality solutions for complex Computer Science queries, achieving a 90%+ satisfaction rating.

### WEB DEVELOPMENT INTERN – CODECLAUSE, BHARAT INTERN

- Contributed to the design, development, and maintenance of responsive websites and deliver interactive experiences.

## PROJECTS

### FINANCIAL ASSISTANT SYSTEM

Sep 2024

- Engineered predictive algorithms using AI for in-depth financial analysis, encompassing income, expenses, debts, assets.
- Delivered tailored investment recommendations and prudent investment guidelines based on comprehensive financial insights.

### DEVSYNC – REAL-TIME COLLABORATIVE CODE EDITOR

June 2025

- Developed a real-time collaborative code editor with an intuitive UI using React and Spring Boot, enabling multi-user live editing.
- Integrated WebSocket, Redis, and PostgreSQL for seamless sync, and containerized the application for efficient user experience.

### JOURNI

Nov 2023

- Developed a feature-rich travel blogging platform with featured posts, category-based exploration, and an intuitive UI.
- Evolving project with plans for advanced React techniques and community-driven enhancements and curated stories.

## SKILLS

**Technical Skills:** HTML, CSS, JavaScript, React, Tailwind CSS, Node.js, MongoDB, Java, C, SQL, Git, Data Structures & Algorithms , Python (Pandas, NumPy, Matplotlib, scikit-learn), Machine Learning, EDA.

**Soft Skills & Personality:** Leadership, Active Listening, Multitasker, Communication skills, Problem solving, Time management, Fast learner, Adaptability, Conflict resolution

## SOCIETIES / EXTRACURRICULAR

### GDSC-GCET (Google Developer Students Club) - Executive

- Mentored club members through complex programming challenges, organized seminars and sessions for skill development.
- Guided 50+ members in solving competitive programming problems and real-life tech scenarios

### EXTREME CSE CLUB – Technical, Management and Marketing

- Led technical auditions for over 250 candidates, upholding rigorous standards for club membership selection.
- Organized hackathons, seminars, and sessions for 500+ participants, boosting collaboration and technical growth among members.

## ADDITIONAL

### Certifications:

- Google Cloud Study Jam Arcade([Introduction to Generative AI](#); [Perform ML & AI tasks](#))
- [IBM AI Fundamentals](#) (SkillsBuild) , SQL (Oracle)
- [Python](#) , [SQL](#), [Javascript](#), [CSS](#), [Java](#) (HackerRank)

### Achievements:

- Semi-finalist in Smart India Hackathon (SIH) and finalist in multiple national-level hackathons, demonstrating innovation and problem-solving abilities.
- Ranked among Top 7 teams in Matrix 2.0 Hackathon at IITM Janakpuri for building project using ML.
- Qualified for Round 2 of Tata Campus Challenge 2023, ranking among 50,000 candidates, highlighting competence.
